TOWN REPORT – 1975

DEDICATED TO

CHARLES F. DOW

50 years ago, in 1925, C. F. Dow first came to work in Hollis.

He moved here permanently in 1932 and since that time has been a dedicated community minded citizen. His credits include 45 years in highway work with about 25 years service as the Road Agent. The Police Department had Charlie's services for about 18 years and he served on the Fire Department for over 25 years. We extend wishes for a long, restful, happy retirement.

OFFICE OF SELECTMEN
TOWN OF HOLLIS
NEW HAMPSHIRE

October 29, 1974

Hollis P. Nichols
16 Pepperell Road
Hollis, N.H.

Dear Sir:

May we convey to you, on behalf of the people of Hollis, our most sincere appreciation for the additional shares of North East Investors. Your continuing interest in this community is surely a cornerstone in its future and a source of pride to us all.

Sincerely yours,

J.P. Smith
Frank Whittemore
Richard Walker

TOWN WARRANT

ARTICLES 2 thru 29 at WALTERS AUDITORIUM

MARCH 5, 1975 at 7:30 P.M.

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 7:30 A.M. TO 7:00 P.M.

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the fourth day of March, next at 7:30 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear reports of Selectmen and other Town Officers and Committees.
4. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.
5. To see if the town will vote to accept State Aid for the construction of Class V roads and appropriate the sum of \$1,257.22 to pay the town's share.
6. To see if the town will vote to authorize the Tax Collector to accept pre-payment of taxes in multiples of \$10.00.
7. To see if the town will vote to raise \$25.00 to be expended in cooperation with the N.H. Forestry and Recreation Commission for forest fire roads.
8. To see if the town will raise and appropriate the sum of \$2,000.00 to be placed in Capital Reserve Fund for a town shed.
9. To see if the town will raise and appropriate the sum of \$3,000.00 to be placed in capital reserve fund for a payloader.
10. To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in capital reserve fund for a Grader.
11. To see if the town will raise and appropriate the sum of \$2,000.00 to be placed in capital reserve fund for the Fire House.

12. To see if the town will raise and appropriate the sum of \$20,000.00 to be placed in the capital reserve fund for the purchase of a fire truck.

13. To see if the town will authorize the Selectmen to expend the funds from the fire engine capital reserve fund.

14. To see if the town will authorize the Selectmen to expend the funds from the Town Hall capital reserve fund.

15. To see if the town will authorize the Selectmen to expend funds from the map fund to continue developing the tax map.

16. To see if the town will authorize the Selectmen to expend the funds from the capital reserve fund for use in the solid waste disposal project.

17. To see if the town will vote to raise and appropriate the sum of \$1,800.00 to be given to The Merrimack Valley Home Health Care Association, Inc.

18. To see if the town will vote to raise and appropriate the sum of \$500.00 to be given to the Community Council in Nashua.

19. To see if the town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provision of the State and Local Assistance Act of 1972 for use as set offs against budgeted appropriations for the following priority purposes and in amounts indicated or take any other action hereon: Police Department -- \$26,238.47.

20. To see if the voters will approve the designation of Hayden Road as a scenic road as defined by State law.

21. To see if the Town of Hollis will reconvey to Pearl C. Rideout two tracts of land and an easement - one tract consisting of .678 acres shown as Revision No. 1 on Sheet 2 of 2 Subdivision Plan, property of Pearl C. Rideout, Hollis, N.H., to be recorded in Hillsborough County Registry of Deeds, reserving to the Town a 50 foot right of way over said tract.

The second tract consisting of 2.107 acres shown as Revision No. 1 on Sheet 1 of 2 Subdivision Plan of Pearl C. Rideout, Hollis, N.H., to be recorded in Hillsborough County Registry of Deeds.

The easement consisting of a 5 foot path along the east boundary of land heretofore conveyed by Pearl C. Rideout to the Town and across land of Pearl C. Rideout as shown on Sheet 1 of 2 of the above referred to Plan.

Said plans will be available for inspection at the Town Hall prior to and during the Town Meeting.

22. To see if the town will vote to authorize the Selectmen to apply for, contract for, and accept aid relative to disaster should the need arise.

23. To see if the town will specifically accept and discontinue the dedicated right of way on the north branch of the Blood Crossing Road from the Nashua - Hollis line to the foot of the Farley Farm driveway - approximately 150 feet.

24. To see if the town will vote to discontinue the road leading from No. 137 South Merrimack Road easterly; long known as Glover Lane.

25. To see if the town will authorize the Selectmen to appoint a Sexton rather than have him an elected official.

26. Whereas, under the provisions of Section 8 of the U.S. Housing Act of 1937, as amended, the United States of America, acting through the Secretary of Housing and Urban Development, is authorized to enter into annual contributions contracts with public housing agencies pursuant to which such agencies may enter into contracts to make assistance payments to owners:

NOW, THEREFORE, be resolved by the Town Meeting of the Town of Hollis, N.H. as follows:

That the New Hampshire Housing Commission be and is authorized to operate in the Town of Hollis, N.H.

That said New Hampshire Housing Commission is authorized to sponsor a project, under Section 8 of the U.S. Housing Act of 1937, as amended, for any of the following dwelling accommodations or a combination thereof: (a) existing standard housing; (b) rehabilitated housing; (c) newly constructed housing; the total amount of the foregoing not to exceed 20 dwelling units.

27. To see if the town will authorize the trustees of the Trust Funds to transfer the Charles J. Nichols Legacy created in 1929 for care of the Public Square to the present Nichols Fund for investment purposes.

28. To see if the town will vote to authorize the Trustees of the Trust Funds to transfer the Hollis Historical Society Funds to the Society to use at its discretion.

29. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this seventeenth day of February, in the year of our Lord nineteen hundred and seventy-five.

Jeffrey P. Smith
Frank Whittemore
Richard Walker,
Selectmen of Hollis, N.H.

A true copy of Warrant—Attest:

Jeffrey P. Smith
Frank Whittemore
Richard Walker
Selectmen of Hollis, N.H.

We have examined the accounts and records of the Revenue Sharing Fund of the Town of Hollis, N.H. for the fiscal year ended December 31, 1974.

In our opinion, the above Statement of Revenue, Appropriations, Encumbrances and Available Unobligated Funds presents fairly the revenue, expenditures and encumbrances incurred, and status of Revenue Sharing Funds of the Town of Hollis, N.H. for the year ended December 31, 1974.

L. White
R.C. Schellenberg
Auditors
Town of Hollis, N.H.

Date: Feb. 17, 1975

POLICE DEPARTMENT REPORT

POLICE FOCUS ON EDUCATION

Police Departments are in a period of trial. Rising crime rates and the general fear that has become part of our environment, has produced a demand for sterner law enforcement.

The citizen has come to question the kind and quality of service he receives when he calls for a police officer.

While society has moved toward occupations specialization in most areas, it still demands that its police officers be highly competent generalists, twentieth century renaissance men.

The police officer is visible, he is on the scene, he wears a uniform, and is empowered to take direct action in difficult situations. While other professions offer some cloak of anonymity, police work offers none. The individual police officer symbolizes all officers, and his actions are closely scrutinized and loudly criticized. This description of a police officer's job raises the question of whether any man can possibly meet all these challenges. Maybe not, but the field of law enforcement can provide the education and training which will give police officers the skills and confidence to strive toward the ideal in their daily performance.

Respectfully submitted,

Paul Adrian Bosquet
Chief of Police

REPORT OF THE DOG OFFICER

1974

1974 was another year when many strays and dogs without identification were plentiful in all sections of town.

Complaints are numerous with so many dogs running at large. Several dogs had fits and had to be destroyed.

There were 425 phone calls not including those at communication center. 332 of these were complaints of one form or another. 60 dogs were hit by motor vehicles.

Ernest G. Pratt

REPORT OF THE FIRE CHIEF

This has been a busy year for the Fire Department with calls for First-Aid increasing. We had 10 building fires with three of them being of suspicious origin that required the Fire Marshall's Office to help investigate.

The Pagers have proved very valuable in getting a faster response and cutting our fire losses down. We have had a lot of training for the Department this past year in First-Aid, Fire Schools and also an Auto Extrication Course which was held at Hollis Auto, instructed by Whitney Associates of Sterling, Mass.

In January we started a 13 week training course in Fire Fighting put on by State Instructors.

I want to thank everybody for being careful during the dry spell when any fire may have been a major disaster.

We are in the process of having the insurance rates lowered in the West Hollis Road area, and also on the South Merrimack Road area by getting Merrimack and Brookline to sign a Mutual Aid Agreement that they would cover these areas immediately.

In the near future there should be some thought given to having a sub station in the north end of town; as this area is developing fast.

Special thanks to the men for all their time given for training and other work to make our department great.

Roy L. Wilkins
Fire Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

1974 FOREST FIRE STATISTICS

State — No. of Fires: 871; No. of Acres: 915.

District — No. of Fires: 163; No. of Acres: 106.

Town — No. of Fires: 5; No. of Acres: 1¾.

Winthrop H. Hannaford
District Fire Chief.

Roy Wilkins
Forest Fire Warden

1974 HEALTH OFFICERS REPORT

The number one problem which is on the increase deals with septic tank, dry wells and or leach fields.

Many of the older homes built prior to 1960 installed tanks with a 500 gallon capacity or less. Some of these tanks were metal which may rust out in 10 to 15 years.

The use of automatic washers if they are tied into the septic system will slow down the action of bacteria with the use of most detergents.

Once the solids in the tank reach the outlet and start flowing into a dry well or leach field it is too late and the damage has been done. The entire drainage area will have to either be relocated or replaced.

To prevent a serious health hazard and a costly repair job, it is a good idea to have the septic tank pumped out once a year or every other year at least.

Robert Sundstrom
Hollis Health Officer

CIVIL DEFENSE

The New Hampshire National Guard once again came to town and gave excellent maintenance service to the town's surplus military vehicles. The police jeep, however, continues to need hard to find WWII era parts and it is getting close to finding a live thermite grenade jammed in its radiator to end its suffering.

The CD/Fire Department water truck, complete with new pump, performed admirably this past summer in putting out hard to get at forest and brush fires. Efforts by the Hollis Fire Department to keep this vehicle serviceable are commendable.

Jim Belanger, an amateur radio operator, has been appointed CD Communications Officer. In the near future he will be involved in the establishment of a new tie-in with the State's CD emergency radio network.

The only declared town natural disaster occurred at the CD Director's home this past summer when his above ground swimming pool disintegrated from rot and the activities of a colony of carpenter ants. It was interesting to note that 13,000 gallons of water pouring through a chicken coop can knock a 10 lb. rooster 67 feet!

Lincoln F. Brigham

REPORT OF THE BUILDING INSPECTOR

Single family residences	48
Additions to residences	23
Mobile Homes	10
Porch additions to Mobile Homes	9
Swimming Pools	9
Permit to rebuild residence damaged by fire	1
Storage buildings	8
Barns	6
Additions to barns	6
Livestock shelters	4
Greenhouse	1
Garages	4
Additions to Garage	1
Cookhouse for educational association	1
Addition to manufacturing building	1
Church	1
Signs	4
Permits to repair sewage systems	10

The 48 permits for new single-family residences which were issued during 1974, although close to the average for the past five years, is 26 less than in 1973, a 35 percent decrease.

Ten permits for Mobile Homes were issued against none for 1973. This again makes all available sites occupied in the Mobile Home Park as was the case in 1972. Therefore, there can be no more Mobile Homes until more park space is approved.

The estimated cost of new construction in 1974 was two million, one hundred and ninety-seven thousand dollars. This is about 10 percent less than the two and one-half million dollars in 1973.

The fact that the dollar amount was down only about 10 percent whereas the number of new houses was down 35 percent, reflects the inflation that has taken place in the cost of construction. With available money increasing at a lower rate than the cost of construction, it would appear that new house construction would continue to decline.

MERRIMACK VALLEY HOME HEALTH CARE ASSOCIATION, INC.

ANNUAL REPORT 1974

The Merrimack Valley Home Health Care Association through it's disease prevention, disease intervention and care of the sick programs completed 1974 feeling that it was highly satisfactory in almost every respect.

1,323 skilled nursing visits, 75 physical therapy visits, 3 occupational therapy visits, 12 social service visits and 1,370¾ hours of Homemaker/Home Health aide service were provided in Hollis. In addition 112 children received 134 immunizations in the 8 hours of clinic service held.

A social service worker was employed late in the year to cope with the increasing demand for financial and social help indicated by families caught in the spiraling economic crunch.

Holding the line on costs was and is one of our priorities which was achieved. Our cost audits show that no increases in town funding levels are indicated if we can continue to generate income from our other sources; Title IV A, Medicare, Medicaid, private insurances, The Nashua United Fund, Public Employment Program and payment by patients on a sliding scale fee assessment.

Our staff grew to sixteen in number; an Executive Director, two full time nurses, two part-time nurses, six HomeMaker/Home Health aides, a physical therapist, an occupational therapist, a social service worker, a bookkeeper and a secretary.

Our Board of Directors became a very active group with committees working diligently on all aspects of agency progress. Board members from Hollis for 1975 are: Mrs. Philip Brickley, Mrs. Gilbert Bucknam, Mrs. Hollis Nichols, Mrs. Kenneth Trow, Mrs. Robert Hackett and Mrs. Richard Jenney.

We welcome volunteer help, requests for information on health or our services and suggestions on how we may serve you, the community, better. If you have a problem or know of someone who does we are available through a phone call to our office for consultation and care.

TOWN FOREST COMMITTEE

1974 ANNUAL REPORT

During the past year, 5 work days were held in the Dickerman lot on Hayden Road. The work was accomplished free gratis by volunteers, including boy scouts. Pruning, weeding, and thinning were done, and \$292 was received as a government incentive for this improvement work. Many thanks are extended to all who participated. We intend to continue this program in the future.

Howard Parkhurst continued his cutting in the Dickerman lot, removing large rough trees for the benefit of younger, straighter ones, 10 thousand feet of pine was supplied to the school shops and 1500' of hardwood to the Hollis 4-H club.

The plantings of pine trees and crown vetch on the side of Hayden Road have done extremely well, considering that the land was pure sand. This should permanently stabilize this steep roadside banking.

HOLLIS RECREATION COMMISSION

1974 ANNUAL REPORT

The year of 1974 was a busy one for the Hollis Recreation Commission. The program was expanded to include a Tennis Committee, a Youth Advisory Committee, an Adult Advisory Committee, a Girl's Field Hockey Program and an Arts & Crafts Program. In addition to these new programs a new philosophy was also developed relative to the function and future of the Commission, and to the running of its programs.

The Commission members believe it is the responsibility of the Commission to gather suggestions and requests for activities from the townspeople, to organize these activities and find leaders for them, and to provide the facilities where these activities may be held. Along this line we have raised the participants fees for each activity to more closely cover the costs of running that activity. The requests for funds from the town will in the future be more for the improvement and construction of facilities rather than for the operation of a specific activity.

Early in 1974, Mr. Richard Tappley, Director of the New Hampshire Office of Community Recreation, attended a Commission meeting to offer his personal and departmental assistance in formulating our long-range goals. Mr. Tappley was enthusiastic about the Commission's plans and asked to be kept informed of our progress. We are now on the mailing list for information put out by his office which has proved helpful.

In January of 1974 ski lessons at Indian Head Ski Area were again offered, providing instruction for fifty-two school children at a reduced rate. More than sixty youngsters have signed up for 1975 lessons.

The Saturday Morning Basketball Program for boys and girls from the fifth through the eighth grades was utilized by twelve girls and fifteen boys in early 1974. The instructors were Milly Lyford, Carolyn Luce, Joyce Wright, John Montesi and George Clark. The 1975 program has fifteen girls and twenty-six boys and the instructors are Milly Lyford, Gail Lawrence, Susan Pitman, John Montesi, Ken Auer, Dick Watson, Jack Clegg, Dave Cook, and Jack Law.

In April, an open meeting was held in the town hall to discuss upcoming activities such as Little League and Tennis. There was discussion on the feasibility of entering two teams in the Nashua Little League. Because the use of our field by Nashua teams would have been

involved, this suggestion was tabled until a later date. From this meeting came the decision to reserve certain nights for groups to play tennis at the town courts. Monday was designated as Men's Night, Tuesdays as Teen's Night, Wednesday as Women's Night and Thursday as Mixed Doubles Night. The remainder of the week was open to all Hollis residents.

Under the auspices of the Commission a Tennis Committee was formed to help in the operation of the tennis court activities. This Committee was responsible for maintenance of the courts, running of the tournaments, and fund raising. During this past season the courts were painted with two coats of sealer which was badly needed. Two town-wide tournaments were held, one for the youth and one for the adults. The Committee members are Dot Colson, Ed Johnson, Roselinda McGonagle, Dick Birch, and Paul Roussel.

Tennis lessons were available again this year for both children and adults. These consisted of two five-week sessions taught by Bill Longua, a professional tennis instructor from Nashua.

A coin-operated light meter was purchased which raised the charge for the use of the lights from 25c to \$1.00 per hour. Shortly after installation the meter was broken into and made inoperable. This has been fixed and will be re-installed in the spring. The use of this meter should mean the lights will be self-supporting for the first time in several years.

The student Tennis Team was also expanded this year. Two teams were formed, a junior team for players from ten to fourteen, and a senior team for players from fifteen to eighteen. These teams participated in an inter-town league with teams from Amherst and Milford. The coaches were Dot Colson, Jan Revoir, Ann Johnson, and Jacquie Leitch.

The Little League program, for eight to twelve year olds, had seven teams with over one hundred and fifteen Hollis boys and one Hollis girl playing from April to July. Men who volunteered their time to coach and umpire included Bill Roberts, Ron Raitt, Dave Newkirk, Norm Beaulieu, Bob Cook, Bob Sheldon, Fred Burant, Gerry Boggis, Gary Gilbert, Marshall Thomas, Dick Leggett, Wayne George, Dave Jeynes, Art Potry, Jack Law, and Ralph Madsen.

Our Babe Ruth team again played in an area league giving over fifteen boys from age thirteen to fifteen a chance to play organized

baseball. Their coach was Gerry Wilkins. It is hoped in 1975 to have two teams entered in this league.

The Girl's Softball Program increased from ten girls and one team in 1973 to forty-five girls and four teams in 1974. Each team was sponsored by a local business - Lorden Oil, Dave Hair Stylist, Valicenti Realtors, and Hollis Auto. The program was organized by Barbara Madsen, assisted by Jan Norton, Jacquie Leitch, and Ellen Davison.

The Commission sponsored two work-days for the track on the Beebe-Nichols Field. With the help of several townspeople, members of the track team, and especially Charlie Dow with the town loader, we managed to remove the stone wall and brush along the inside of the track and the north side of the tennis courts.

Red Cross Swimming Lessons, which take place every year during the last two weeks in June at Silver Lake, provided lessons from beginner to senior life saving classes, for almost two hundred Hollis children. The Commission is grateful to the instructors, Wendy Goulder, Roger Levesque, David Goff, all of Nashua, and Robin Morrison of Hollis, and to those volunteers who gave their time to help organize and assist with the classes. These volunteers are Jane Hall, Alice Mann, Nancy Swift, Ellen Davison and Marybeth Reilly. The Commission particularly thanks Mr. & Mrs. Leo Lutz for donating use of their pool for the life-saving lessons.

In 1974, the Commission felt an Arts & Crafts class would compliment the athletic activities and contribute to a well-rounded program. Therefore, a week-long Arts & Crafts Program for first through eighth graders was organized. The Beaver Brook Association provided its facilities and Nancy Swift taught the classes. Mrs. Swift was assisted by volunteers, Lori Law, Karla Vogel, and Ellen Davison. The Commission regrets some children had to be turned away because of the large response to this program. In 1975 we plan on running two classes for two weeks in hopes all children interested may participate.

The completion of the Horse Ring at the Beebe-Nichols Field was accomplished by the 4-H Buccaneer Horse Club.

A 10 foot high, 20 foot long heavy-duty slide was purchased and will be installed along side the swings on Nichols Memorial Field behind the Post Office. This purchase was made possible by a donation from the Hollis Kindergarten.

At the 1974 Ski and Skate Swap, the Recreation Commission sold over three hundred dollars worth of clothing and equipment for those

who brought in goods to sell. In 1975 we plan on running an equipment swap in the Spring and the Fall.

The Recreation Commission commends Mrs. Shirley Cohen for organizing a Girl's Field Hockey program. With the help of volunteers, Ed Johnson, Dot Colson, and Joe Cohen, and the team members, she was able to clear and level the field and build permanent goals. With the assistance of the Hollis Women's Club, Mrs. Cohen was able to purchase equipment for the program, with no town funds expended.

In a further effort to receive more input from the townspeople on recreational needs, the Commission organized a Youth Advisory Committee. This committee consists of students from the Middle and High Schools who are to discuss recreational needs with their fellow students and feed the results to the Commission. The Commission is also in the midst of forming an Adult Advisory Committee for the same purpose.

In August, the Commission had a change of Chairman. Dave Jeynes wished to step down as Chairman, but remain on the Commission, and Jack Law became the new Chairman. The other Commission members are Don Spence, Ellen Davison, Secretary, and Milly Lyford, Treasurer.

The Recreation Commission wishes to thank all the people who helped in the various activities during the year. We welcome ideas you feel will be of benefit to the program.

Respectfully submitted,
Jack Law, Chairman
Ellen Davison, Secretary
Mildred Lyford
Donald Spence
David Jeynes

Our Secretary, Ellen Davison, is leaving the Commission effective town meeting, 1975. We, the other members of the Commission, would be remiss if we did not bring to your attention the outstanding job Ellen has done for this Commission, and thus for the town. As Secretary she has performed beyond the call and for this we sincerely thank her.

Jack Law
Mildred Lyford
Donald Spence
David Jeynes

HOLLIS CONSERVATION COMMISSION

Hollis, New Hampshire

January 22, 1975

Miss Pearl C. Rideout
North Hollis Road
Hollis, New Hampshire

Dear Miss Rideout:

On behalf of the people of Hollis, the Conservation Commission wishes to express its deep appreciation for your most generous gift of land to the town of Hollis.

In compliance with your wishes, we accept this gift of 80.5 acres in memory of your parents, Mr. and Mrs. Lewis S. Rideout. This land will be kept in its natural state, except for tree harvesting to be done under the supervision of the County Forester.

Your gift will insure that future generations in Hollis will have the same opportunity to observe and enjoy nature as we do today. We know that they too will be most grateful for your generosity and foresight.

Sincerely,

Robert A. Sheldon
Chairman
Conservation Commission

HOLLIS CONSERVATION COMMISSION

1974 ANNUAL REPORT

In 1974 the Conservation Commission continued working toward its objective of preserving the natural resources of Hollis for the benefit and enjoyment of all its citizens.

Early this year, fifteen acres adjacent to the Middle School were purchased with the aid of matching federal funds from the Bureau of Outdoor Recreation. (These matching funds enable Hollis to ensure that its appropriations will go twice as far.) This land will provide protection for the watershed area around the well which supplies all the water to both the Middle School and the Hollis Area High School. At the same time, it provides land that can be used by the Middle School and the public for nature trails and other recreational purposes.

In December, we received a most generous gift of land from Miss Pearl C. Rideout, given in memory of her parents, Mr. and Mrs. Lewis S. Rideout, for the purpose of the study and enjoyment of nature.

During the year Fred Gemmill has freely donated his time and knowledge surveying Commission land, and potential Commission land, and he has saved the town much expense.

The Commission continues to work closely with the local schools and other neighboring town's conservation commissions in the areas of conservation and environmental education. Members also worked with the schools on nature trails, the annual conservation show held at the Nashua Mall, and with the New Hampshire high school student workshops held at Rivier College and Beaver Brook.

In addition, members attended both local and Regional Planning Board meetings and worked with them on maps to show wetland areas, scenic vista areas, etc. They also attend the annual meetings held by the New Hampshire Association of Conservation Commissions and the Nashua River Watershed Association.

This fall, members of the Commission were saddened by the death of Herbert Higginbotham, our treasurer. His insight and advice are missed by all. Early in the summer, Kurt Olson and Nancy Bonneville resigned from the Commission and moved from Hollis. They, too, have been missed and have our heartfelt thanks for their service to the people of Hollis.

We wish to express our sincere appreciation to all those who have donated land to the Hollis Conservation Commission. We also wish to remind the people of Hollis that well planned open spaces will increase the value of other real property and yield benefits in water conservation, recreation, timber, wildlife and scenic enhancement. Other townspeople who wish to donate property or protect it through conservation easements, may contact a member of the Commission or the Selectmen.

PLANNING BOARD

ANNUAL REPORT FOR 1974

The Planning Board has had another very active year, holding 12 Regular Monthly Meetings, 12 Special Meetings, 5 Public Hearings, 4 Abutters Hearings, and 3 Site Plan Reviews.

The first Planned Unit Development consisting of 26 Lots was approved. Two major subdivisions were approved and two were rejected this past year. A total of 74 new house lots were approved.

The proposed local Sanitary Land Fill Site off Truell Road was finally rejected by the N.H. Water Supply and Pollution Control Commission in April after several meetings and an on site inspection. Now that a Regional Refuse Disposal District has been formed, this Planning Board project has been terminated although the search for a local site will be continued.

Public Hearings were held in January and February concerning amendments to the Zoning Ordinance to stop further housing development in the Business District and the adoption of a Site Plan Review Ordinance applicable to all development except single and two family residences and agricultural buildings, but including public or semi-public buildings. Both propositions were adopted at the 1974 Town Meeting.

The Land Subdivision Regulations were reviewed, revised, and adopted after Public Hearing in June. This was a major project completed after nearly 9 months of study and three drafts.

In August the Planning Board initiated a limited moratorium on land subdivision and introduced a graduated yearly building permit limit to slow the pace of Housing Development until an extension to the Comprehensive Plan of 1971 could be prepared. A special task force has been meeting weekly since early October to define planning goals for the orderly growth of Hollis and to recommend how these goals might be achieved. Hearings and ultimate voting on proposed changes to the Zoning Ordinance will be held during the 90 days following Town Meeting.

The Town Property Map is continuing to progress under the dedicated efforts and leadership of Austin Chandler. Support in deed searching and copying effort has been increased this past year. Preparation of ink tracing maps will begin next year for those sections where the research has been completed.

Regular Board Meetings are held on the 3rd Monday of each month in

the Town Hall starting at 7:30 p.m. All meetings are open to the Public. The Board recommends that property owners or their agents submit plans to the Board prior to meeting dates where possible rather than at Board Meetings.

F.Q. Gemmill, Chairman
Hollis Planning Board

REPORT OF THE HIGHWAY DEPARTMENT

1974 greeted us with some very slippery roads, rain in the winter is a most anxious and dangerous event in the life and duties of a Road Agent. Roads become very slick in a very short time. It is just about as hard for the road crews to move as it is for the general public so try to be patient, your Highway Department will come to your rescue as soon as your road comes up in the (65 miles plus) plan of emergency's. Snow is of minor concern compared with ice.

The spring and fall seasons were quite wet, slowing down some of the work, but summer was quite dry causing very dusty conditions and rough spots in the graveled roads which we cannot do much about in a dry season.

Gravel was applied to needy spots and culverts were installed where necessary. A four foot in diameter by fifty feet in length pipe, was installed on Hayden Road at Town expense after much deliberation between Town and State Officials at a savings of over \$1,000.00, we thought the smaller size would be fully adequate for many years to come.

Approximately the same number of miles of roadway were surface treated this year as usual but in addition, Pine Hill and Wheeler Roads were honed in hopes that some of the very rough spots would be eliminated and we think there was much improvement.

T.R.A. on Hayden Road had a setback due to the revision of recommended specifications of the State. We had to go back and ask property owners for more land so as to do more widening which involved the drilling and blasting of many large stones and much ledge and removing of same, also the relaying of a portion of stone wall and extend culverts before the final application of gravel could be applied and paving done. This meant that the road was not finished this year.

Again I would like to thank all of those who helped to make the past twenty-five years a very exciting and challenging part of my life.

Good luck Roy!

Respectfully submitted,
Charles F. Dow

CEMETERY COMMISSION REPORT

The Cemetery Commission has held regular monthly meetings on the third Tuesday of each month and the following accomplishments have been achieved:

1. A set of Rules and Regulations has been approved and accepted.
2. A schedule of fees has been established.
3. A survey of the new section of the East Cemetery has been completed.
4. The permanent record system is being revised.
5. Repairs to the fence at the South Cemetery have been undertaken.
6. An effort has been made to improve and maintain the upkeep of the cemeteries.

Our goals for 1975 are as follows:

1. Completion of the survey of the old section of the East Cemetery.
2. Continued updating of the record system.
3. Reestablishment of a deed for the sale of cemetery lots.
4. Establishment of a bookkeeping system.
5. Completion of repairs to the fence at the South Cemetery.
6. General upgrading and improvement of all Hollis cemeteries.

The Commission solicits any recommendations and/or suggestions which any citizen of the Town of Hollis may have in assisting the Commission in the betterment of the cemetery operation.

Respectfully submitted,

Percy L. Snow, Chairman
Elizabeth P. Brocklebank,
Secretary
Wendell C. Wright
Laurie L. Harris
W. Boyd Weston

LAND ASSESSMENT 1975

The Hollis Board of Selectmen has announced that all land, other than building lots, will be revalued in 1975. A current use application form will be distributed with the inventory to each land owner in March, each year, to be filled out and returned to the Selectmen by April 15th. Those applicants whose land qualifies will receive the lower current use assessment value as recommended by the State of N.H. Those who do not apply will be valued at a new, higher ad valorem value; If an owner, after applying for current use and receiving the lower assessment, changes the use of the land through development and sale — then he must pay the town 10% of the sale price as a change use tax to compensate for tax revenue previously waived by said Town, as long as the use of the land remains unchanged, the current use assessment value, as recommended by the State, will continue. Only those land owners who apply, will be considered for Current Use.

AUDITOR'S REPORT TOWN OF HOLLIS, N.H.

We have examined the accounts of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Trustees, Trust Funds and all Special Reserve Funds for the year ending December 31, 1974 and find the receipts and payments correctly cast and properly vouched.

Leonard White
Roland C. Schellenberg
Auditors

Feb. 17, 1975

REPORT OF THE NASHUA COMMUNITY COUNCIL

The following statistics are concerned with the patients from Hollis who were admitted during the year 1974. The total of new cases was 14 compared to 11 in 1973 and 6 in 1972.

The average Hollis client was charged \$8.43 per visit with an average of 3.3 visits before termination. The Community Council operating cost per treatment hour for this period is \$27.98, leaving \$19.55 per visit to be raised by sources other than patient fees.

The major source of funding for the clinic is the State of New Hampshire which is a matching grant based on the formula of two State dollars for every local dollar raised.

During 1974 a total of 14 new patients from Hollis were seen at the Community Council, approximately 1% of the total new caseload for the year. A total of 46 patient hours were spent with Hollis patients at a cost of \$899.30 based on the \$19.55 per patient. An allotment based on 1% of the Community Council budget after State grant-in-aid would come to \$2,000.00.

The above statistics show that Hollis clients have been and still utilize the services the Community Council offers. Benefits to Hollis clients were also reflected in the statistics for this period. Of the 6 cases closed, 4 showed definite improvement of presenting problems, a success rate of 66.7%.

ANNUAL TOWN MEETING – MARCH 5, 1974

The meeting was called to order by Moderator Herbert Higginbotham at 7:40 A.M. Voting continued for the election of Town Officers until 7:10 P.M. The vote was announced at 9:50 P.M. and the meeting recessed until Wednesday, March 6, at 7:00 P.M. in Walters Auditorium.

1746 names on checklist 688 voted

QUESTIONS ON THE BALLOT

No. 1. Are you in favor of amending Section V District 2, Residence, Agricultural and Business to limit future building development in this district to Agricultural and Business uses?

Yes 376 No 186

No. 2. Are you in favor of adopting a Site Plan Review Ordinance applicable to all site development plans, except for agricultural buildings, and single and two-family residences and/or accessory buildings, but including public or semi-public buildings?

Yes 441 No 121

The meeting was reconvened at 7:10 P.M. on March 6, in Walters Auditorium by Moderator Higginbotham. Prayer was offered by George G. Faul.

ARTICLE 2 – Motion to take up this article after action on Article 34. Seconded. Carried.

ARTICLE 3 – Selectman Walker discussed the comparative statement for 1973 and began a discussion of the budget for 1974, a motion to add \$4500.00 to the budget for Summer and Winter Roads. Seconded. Carried. After discussing the budget for General Government, Protection of Persons & Property, and Health Dept., a motion by Paul Bosquet to increase the Police budget by \$8200.00 - \$7200.00 for the addition of another full time officer, \$500.00 increase in the Chief's Pay, and \$500.00 increase in the Sergeant's pay. Seconded. After much lengthy and heated discussion a motion by Alan Orde, Jr. for a written ballot. Seconded. Carried. Yes 131, No 139, the original motion was not carried.

Motion by Charles Clough to reduce the budget for Capital Outlay for new lands and buildings by \$1600.00. Seconded. Not carried.

Motion by Bruce Archambault to increase the Police Budget by \$5000.00 for a part time Officer to serve from Wednesday through Sunday. Seconded. After much discussion before a vote could be taken a motion by Roger Hammond to recess the meeting for one week until March 13, at 7:30 P.M. Seconded. Carried. The meeting was recessed at 11:00 P.M.

The meeting reconvened at 7:30 P.M. March 13. The Moderator asked for a standing vote of appreciation for Charles Dow, retiring Road Commissioner, and Richard Navaroli, resigned Fire Chief, for their long years of service to the town.

The Moderator then reviewed the motion by Bruce Archambault for an added \$5000.00 to the Police budget and declared this motion out of order because it was a reconsideration of a previously voted motion. He then accepted a motion to reconsider the first motion, to add \$8200.00 to the Police Budget. This motion lost. Yes 129, No 150.

The Moderator announced that some of the articles to be considered would have an automatic motion, not requiring a motion from the floor.

ARTICLE 3 – Motion to accept the reports of the selectmen and other town officers as printed in the Town Report. Seconded. Carried.

ARTICLE 4 – Motion to authorize the selectmen to borrow money in anticipation of taxes. Seconded. Carried.

ARTICLE 5 – Motion to accept State Aid for the construction of Class V roads and appropriate the sum of \$1251.96 to pay the town's share. Seconded. Carried.

ARTICLE 6 – Motion to allow withdrawal of the money from the Cruiser Capital Reserve Fund. Seconded. Carried.

ARTICLE 7 – Motion to authorize the selectmen to expend the funds from the Cruiser Capital Reserve Fund, toward the purchase of a Cruiser. Seconded. Carried.

ARTICLE 8 – Motion by David Seager to raise and appropriate the sum of \$5000.00 to be placed in a capital reserve fund toward the purchase of a fire truck. Seconded. Carried.

ARTICLE 9 – Motion to raise and appropriate the sum of \$500.00 to be placed in the Capital Reserve Fund for a town shed. Seconded. Carried.

ARTICLE 10 – Motion to raise and appropriate the sum of \$1000.00 to be placed in the Capital Reserve Fund of the Fire House. Seconded. Carried.

ARTICLE 11 – Motion to raise and appropriate the sum of \$1000.00 to be placed in Capital Reserve for more adequate Town Offices. Seconded. Carried.

ARTICLE 12 – Motion to raise and appropriate the sum of \$3000.00 to be placed in a Capital Reserve Fund to be used toward the purchase of a grader. Seconded. Carried.

ARTICLE 13 – Motion by James Seager to raise and appropriate the sum of \$3000.00 to be placed in a Capital Reserve Fund to be used towards the purchase of a loader. Seconded. Carried.

ARTICLE 14 – Motion by Jack Boyd to raise and appropriate the sum of \$7600.00 to be placed in the Capital Reserve Funds to be used in a solid waste disposal project. Seconded. Carried.

ARTICLE 15 – Motion to authorize the tax collector to accept pre-payments of taxes in multiples of \$10.00. Seconded. Carried.

ARTICLE 16 – Motion by Paul Sipe to authorize the selectmen to expend funds from the solid waste disposal project. Seconded. Carried.

ARTICLE 17 – Motion to raise and appropriate the sum of \$25.00 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for forest fire roads. Seconded. Carried.

ARTICLE 18 – Motion to raise and appropriate the sum of \$1500.00 to be given to the Merrimack Valley Home Health Care Association. Seconded. Amendment by Richard Walker to increase this amount to \$1800.00. Carried with the amendment.

ARTICLE 19 – Motion to raise and appropriate the sum of \$500.00 to be given to the Community Council in Nashua, Seconded. Carried.

ARTICLE 20 – Motion by Clarence Howe to table the article to raise and appropriate the sum of \$18,000.00 to be used for the reassessment of all real property in town. Seconded. Yes 199, No 94. The motion carried.

ARTICLE 21 – No action as the previous article did not pass.

ARTICLE 22 – Motion to raise and appropriate the sum of \$1400.00 to be placed in the Library Capital Reserve Fund. Seconded. Carried.

ARTICLE 23 – Motion to authorize the selectmen to withdraw funds from the Library Capital Reserve Fund and expend the same. Seconded. Carried.

ARTICLE 24 – Motion to expend the Revenue Sharing Funds in the Police and Fire Depts. Seconded. Carried.

ARTICLE 25 – Motion by Richard Peterson to approve the designation of Ridge Road as a Scenic Road as defined by State Law. Seconded. Carried.

ARTICLE 26 – Motion to approve the designation of Wright Road as a Scenic Road as defined by State Law. Seconded. Carried.

ARTICLE 27 – Motion to approve the designation of Rideout Road as a Scenic Road as defined by State Law. Seconded. Carried.

ARTICLE 28 – Motion to authorize the selectmen to apply for, contract for, and accept aid relative to disasters should the need arise. Seconded. Carried.

ARTICLE 29 – Motion by Clarence Howe to table the article to raise and appropriate the sum of \$5000.00 to create a capital reserve fund for tennis courts. Seconded. Carried.

ARTICLE 30 – Motion by Fred Gemmill to authorize the selectmen to expend funds from the MAP Fund for continuation of the development of the tax map. Seconded. Carried.

ARTICLE 31 – Motion by Fred Gemmill to designate the Nashua Regional Planning Commission as the agency responsible for coordination and region-wide planning for water quality (well water supplies and Surface waters) and to participate in the co-ordinated planning and its implementation. This Water Quality Management Planning as required by Section 208 of the Water Pollution Control Act of 1972 is a first step toward the quality of regional water resources both in the town and in the region. Seconded. Carried.

ARTICLE 32 – Motion by Fred Gemmill to authorize and direct the Planning Board to update and extend the Comprehensive Plan of 1971 by the addition of a master plan in order to assure the more orderly growth of the town, said master plan recommendations to be presented to the town no later than Town Meeting 1975. Seconded. Carried.

ARTICLE 33 – Motion by Nick Coniaris to raise and appropriate the sum of \$600.00 to be used to help finance a parking area opposite the Post Office. Seconded. After much discussion the motion was defeated by a standing vote. Yes 101, No 151.

ARTICLE 34 – Motion by Jim Belanger to authorize the selectmen to expend the monies in the Capital Reserve Fund of the Town Hall. Seconded. Carried.

ARTICLE 2 – Motion by Frank Whittemore to accept the budget as printed with additions voted of \$4500.00 and \$300.00 and a subtraction of \$5000.00. Seconded. Carried.

ARTICLE 35 – Motion by Laurence Winchester to table the article to establish an eleventh hour curfew on Town Property until such time as a study could be made on the wording of the article and could be voted at a later time. Seconded. Carried.

Motion by Roger Hammond to adjourn. The meeting was adjourned at 10:45 P.M.

A true copy of record - attest
Bertha E. Duncan, Town Clerk

SPECIAL TOWN MEETING

MAY 28, 1974

The Moderator, Herbert Higginbotham, opened the meeting for voting at 7:35 A.M. Voting closed at 7:05 P.M. with the vote announced at 7:25 P.M. when the meeting was adjourned.

1741 on checklist 180 ballots cast.

Shall the Town of Hollis accept the provisions of sections 1 and 10 inclusive of Chapter 53-B of the Revised Statutes Annotated providing for the establishment of a regional refuse disposal district, together with the towns of Amherst, Brookline, and Mont Vernon and the construction and maintenance, of a regional refuse facility by said district in accordance with the provisions of a proposed agreement filed with the Selectmen.

HOLLIS BOARD OF SELECTMEN 1974

Amid the increasingly ominous economic indicators throughout 1974, the Board of Selectmen has moved in many directions to stabilize the Town position. First and foremost has been the development of a Master Plan for the orderly future growth of the community. A ten man task force under the leadership of Planning Board Chairman, Fred Gemmill has been busy since last Town Meeting. Much is now accomplished in all areas, with consultant help from the Nashua Regional Planning Commission adding expertise to the effort. The Plan will be aired at Public hearing in April with Zoning changes to be voted on early in May.

The Selectmen are pleased and report good progress in the development of the Police Department under Chief Paul Bosquet. An increasing sense of dedication and efficiency, within the Department coupled with increased training program, and regular consultation with the Selectmen are producing the desired results.

We are also happy to report a continuous hum of activity at the Fire Department under the direction of Chief Roy Wilkins. The lights burn late, and the plans go forward for improving fire protection with serious enthusiasm.

It is with deep regret that the Board accepted the resignation of Charles Dow as Road Agent at the close of 1974. This was Mr. Dow's 45th year of activity as a member of the Highway Department. He laid out and helped build many of the principle roads in Hollis in this span of years. His good common sense and dedication to duty for his community, have been a source of pride for us all. Over the years an officer of the Hollis Police Department and Fire Department, few have given so much time and thought to Hollis as Charlie Dow. We wish him a busy and successful retirement.

The Town has been the recipient of 75 acres of conservation land from Pearl C. Rideout this year. Lewis Rideout was a Selectman 45 years ago when Mr. Dow started with the Town. A great deal of time and effort was contributed in this land donation by Fred Gemmill and Jeff Smith in the surveying and transition. Not enough can be said for the work of the Conservation Commission in preserving areas for future generations.

Last but not least we report as the Hollis Board of Assessors. By broadening the tax base by some 28% this year, it was possible to raise the increased funds voted at the School and Town Meetings last spring, with a \$3.00 decrease in tax rate. The increase amounted to some \$175,000.00. With the deepening economic downturn staring us all in the face, we urge extreme budgetary caution as a matter of simple economic survival for the Town in the immediate future.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Walters Auditorium in said district on the third day of March 1975, at eight o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any officers or agents of the district.

2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

3. To choose Agents and Committees in relation to any subject embraced in this warrant.

4. To see if the district will vote to authorize the School Board to make application for and accept on behalf of the school district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.

5. To see if the district will vote to authorize the school board to continue studying the feasibility of the N.H. Educational Voucher Plan as it would apply to Hollis, and making a recommendation to be voted on at the annual school district meeting in 1976.

6. To see if the district will vote to raise and appropriate the sum of \$7,927 to hire a physical education teacher for the Hollis Middle School.

7. To see if the district will vote to accept the budget submitted by the budget committee and pass any vote in relation thereto.

Given under our hands at said Hollis this 12th day of February, 1975.

SYNOPSIS OF SCHOOL MEETING

March 4, 1974

The Hollis School District held its annual meeting at the Walters Auditorium with approximately 420 in attendance. Moderator Hammond called the meeting to order at 8:03 p.m. with the reading of the call of the warrant and then introduced the school board, school administration, budget committee and checklist supervisor.

1. Voted to act on this article with Article 9.
2. Voted to accept all reports as printed in the School Report.
3. Voted to pass over this article without action.

4. Voted to authorize the School Board to make application for and accept on behalf of the School District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.

5. Voted to adopt RSA 60:31-39 Absentee Voting at Municipal Annual Meetings.

6. Voted to table this article until a competent legal opinion is made as to its necessity.

7. Voted to table this article.

8. Voted to authorize and direct the Moderator to appoint a committee to study the feasibility of constructing a music facility, for use by school and community, said committee to present a report and recommendation at the next annual district meeting.

9. Mr. Lutz moved that the district raise and appropriate the sum of \$1,400,727.00 for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the district. Seconded. Mrs. Carol Cramer moved to amend the motion as follows:

In view of the fact that at this meeting tonight there appears to be a number of people concerned about the impact of the school budget on our taxes and our ability to pay taxes this coming year, and in the spirit of a constructive, partial solution to this problem, I make the motion to amend the proposed school budget as proposed by the budget committee and school board be cut by 3%, leaving it to the school committee and school administration to allocate the 3% decrease to those areas they consider the least essential. Seconded by Richard Simoneau. A ballot vote was taken on the amendment - number of votes cast - 469; "yes" - 312; "no" - 157. The amendment carried.

Vote on the amended motion carried by voice vote.

10. The motion to adopt the articles was declared by the moderator to have been adopted in the affirmative. On a motion from the floor, duly seconded, the meeting was recessed until after the close of balloting on 3/5/74 at 11:52 p.m.

A true record attest:

W. Boyd Weston,

Clerk
Hollis School District

SYNOPSIS

HOLLIS SPECIAL SCHOOL DISTRICT MEETING

Minutes

April 29, 1974

The Hollis School District held a special school district meeting on April 29, 1974 at the Hollis Middle School with approximately 100 in attendance. Moderator Roger Hammond called the meeting to order at 8:06 p.m. with the reading of the warrant. Mr. Robert Brunelle, Deputy Commissioner of Education, was introduced.

The moderator recognized Mr. C. Sipe for the purpose of making the following substitute motion:

To see if the District will vote to authorize the school board to apply for a grant for the purpose of studying the feasibility of the New Hampshire Educational Voucher Plan as it would apply to Hollis and making a recommendation to be voted on at the annual school district meeting in 1975.

Seconded by Mr. William Davis.

Questions from the floor were answered by Mr. Brunelle and Mr. Sipe.

Mr. Davis moved that a vote be taken on the motion by secret ballot. Seconded by Mr. Sipe. A voice vote carried to allow the substitute motion.

The result of the ballot vote was announced as follows: 95 votes cast; 63 - yes; 32 - no. Motion carried.

On a motion to adjourn, duly seconded, the meeting adjourned at 9:06 P.M.

ADMINISTRATIVE REPORTS

SUPERINTENDENT'S REPORT

The American people, since colonial times, have had an abiding faith in the power of education. While the process of educating the young was then at an informal level and primarily accomplished by the family, one could say that it was universal in the sense that virtually all were trained to make some contribution to the welfare of the family. To be sure, there were instances in which an individual was unable to engage in some effort, but in the main a contribution was made, whether it was large or small.

With the advent of the industrial revolution life suddenly became very complex. Not only did society begin to realize that the family unit could no longer provide an essential education, but as a result of the introduction of more efficient machinery and legislation designed to eliminate child labor, more and more children found their way to school. In spite of the fact that nearly everyone subscribed to the democratic principle of an education for all, its application fell short of the goal of universality. Not only did some leave school at an early age, but the scope of education was narrow in relation to the needs to be served. Those with handicaps more often than not were completely deprived of an education and even those who were able to attend school under normal conditions frequently did not participate on an equality of opportunity basis.

As the years passed and an increasing amount of social legislation was enacted, the demands on public education grew in proportion. Initially funded at the federal level, there were some voluntary programs that eventually had to be underwritten at the local level or dropped. Other programs were mandated by both the federal and state governments and either were inadequately funded or imposed on the local district to implement. That the programs were desirable and of merit was not disputed; expressed public concerns related to the ability of school districts to accomplish the tasks mandated. Some large districts already had undertaken steps to provide a measure of opportunity and meeting additional requirements did not involve much more per pupil effort because of the numbers involved. Conversely, smaller districts, without the same resources as their large counterparts, suddenly found themselves in the position of having to meet new demands without additional funds.

Today, not only are districts being asked to provide facilities and services for school-age children, but legislation pertaining to the welfare of children is becoming broader and, in some cases, includes provisions for

pre-school children. Two recent pieces of legislation, one enacted by the state and the other by the federal government, serve to illustrate this movement. It is emphasized that the merits of such legislation is not an issue in this report.

In 1965 the New Hampshire General Court took action which required every handicapped child between the ages of five and twenty-one and capable of being benefited by instruction, to attend an approved school program to which he may be assigned by the local school board. If necessary, such education was to be made available until the individual reached the age of twenty-one years. Small districts, for the most part unable to support proper programs, usually arranged to have the child attend a school, often outside of the district, which provided a specialized education. The tuition liability of the district was equivalent to the state average tuition for the previous year.

The 1973 session of the state legislature modified the original statutes that dealt with the handicapped in a number of ways, the most notable of which made all pre-school children eligible, regardless of age, at the same time requiring the state board of education to assume responsibility for tuition which exceeded the state average per pupil cost. With a statute that made it mandatory to provide some type of program for all handicapped children up to the age of twenty-one years, it seemed that finally parents and school districts would obtain relief.

Such was not the case, however, for in the same breath that the General Court enacted legislation requiring a broadening of opportunities, it failed to provide the funds for implementation. This raised a host of questions as to who was going to assume financial responsibility for costs above the state average. By law the local district could pay no more than the state average cost, but the state department of education had no money to assume responsibility for any payments in excess. In 1974 the statutes were amended to give the local school board authority to pay more than the state average tuition cost, at the same time allowing the state department of education to assume some of the tuition cost on a pro-rated basis if any funds were left over after meeting other obligations.

The net effect of this legislation is that the local districts must assume responsibility for providing an equality of educational opportunity for all children from birth to twenty-one years of age. Given the option of establishing programs within the schools or tuitioning to other schools,

school boards are faced with increasing instructional costs; not only has the population to be served increased, but the cost of providing specialized curricula often is considerably higher than that of the traditional program.

Somewhat different in thrust is Title IX of the Education Amendments of 1972, which represents civil rights legislation recently enacted by Congress. While it deals with sex discrimination, of particular interest is the section which concerns the treatment of students. Many schools have in fact already met the intent of the law in some measure. One example is the requirement that no courses can be offered exclusively for girls or boys; some schools now have open enrollments and actively encourage participation of both sexes in what traditionally has been a segregated offering. While there could be additional costs related to this arrangement, the larger effect will be found in the area of athletics. It will now devolve upon the schools to provide athletic opportunities in such sports and through such teams as will most effectively equalize opportunities for members of both sexes. Unless the program is eliminated, the effect of this legislation will be to increase the amount of money appropriated locally for athletics.

Traditionally, the state has been responsible for education. In most states much of the responsibility for actual organization and administration of schools has been delegated to the local districts. New Hampshire residents have taken pride in their local schools over the years and have had the satisfaction of being able to determine the policies which governed their operation. More recently an increasing amount of legislation at both the state and federal levels has had the effect of reducing the extent of control which the community has been able to exercise over its educational program. If one examines educational legislation over the years, there can be no question but that much has been enacted as a result of what some group perceived as a need. Of concern, as expressed by not a few, is that the capacity of local districts is such that it is becoming increasingly difficult to adequately support all programs that are desirable as well as legislated.

Looking into the future, more steps will be taken by state and federal governments that will affect education indirectly or directly. If past experience offers any clue to what the impact will be on the local district, undoubtedly it will be yet another chapter in the book of who will pay for what and under what circumstances, with few options available to the community.

ADMINISTRATIVE REPORT FOR HOLLIS ELEMENTARY AND MIDDLE SCHOOLS

The school year 1973-74 found it necessary to make another change to house the students of grades one through eight. In late June we moved all texts, learner materials, equipment, etc. connected with grade five back to the Elementary School.

The Elementary School now houses Readiness through grade five and the Middle School includes grades six through eight with both buildings utilizing all available classroom space. Within the Middle School we moved nine class areas to different locations for better utilization of the building and to locate the subjects which were more compatible next to each other to allow, where desirable, team teaching.

The sixth and seventh graders attended week long conservation schools in Greenfield, N.H. and Ocean Park, Maine. The sixth graders investigated the inter-relationships of the forest, field, and water communities with the Brookline sixth graders.

The seventh graders studied the same communities but were asked to draw similarities/differences between the fresh water environment with the salt water environment found at Ocean Park. A visit to the sewerage treatment plant was part of that school/camp experience.

Last spring the students displayed their skills and creative abilities with two programs for the parents. The Middle School was the scene of an Art show and demonstration as well as a display of Industrial Arts and Home Economics projects.

The Art students of Jeanne Smith and Mary Rusch had their artistic creations on display in the gym and gave demonstrations of working with clay, paints, block-printing, etc. in the Art room. The Industrial Arts students of Terry Miller and Home Economics students of Mrs. Nancy Birch displayed the various projects they had completed in class during the year. The youngsters had accomplished some outstanding projects.

The second performance of the spring was a gymnastics show by the students of Miss Eleanor Harriger. The youngsters put in a great deal of time preparing for the show and did an excellent job for their first formal

training in gymnastics. Miss Harriger's program generated a great deal of enthusiasm for gymnastics and resulted in the offering of a summer gymnastics program and again this fall a program was offered for elementary students. Both of the programs were financed by the participant's parents.

The eighth graders were given a special program and cook-out on the last day of school by staff members and parents. This program consisted of a welcome to the High School by Bruce Morrison, high school principal, results of a questionnaire read by Mr. Lincoln Brigham, and a class prophecy by several high school students.

All incoming first graders were tested by the Gessell Readiness Test in early June. The tests were administered by Mrs. Martha Philbrick, Mrs. Ruth Kinsley and Miss Phyllis Gray. The tests are administered to assist in making recommendations to parents for their placement in Readiness or first grade. A child placed in Readiness spends the year and then goes to first grade.

Teachers worked this summer on curriculum development as a result of several curriculum changes at the Middle School. All students now take one period of English per day and have a choice of a period of History of Humanities. A curriculum for English, American History, World History and Humanities was developed by Mrs. Wilma Sherman, Mr. Charles Twichell, Mr. Mike Gormalley, Miss Carlene Barber, Mrs. Elizabeth Foster and Ms. Liane Apostolos.

The opening of school in September found several staff members on leaves of absence for this school year for health and maternity reasons. Those on leave for a year are Deborah Hardy, Louise Rankins, Mary Lou Jackson, Cynthia McDowell, Lillian Lund and Gail Temple.

Marie Sigman left late in June as her husband had been made head of his department at Boston University and they were moving closer to Boston. Marie's replacement in the Guidance Department is Mrs. Helene Ring. Mrs. Ring is running a program for parents during the day to discuss problems in child-raising. She is also running a Parent Effectiveness Training Program and was instrumental in making arrangements for a Teacher Effectiveness Training course.

We are working with the Special Education Consortium, which is a federally funded program, working with Supervisory Unions 41, 40 and 63. The Consortium develops placement plans for all students in need of special placement outside of the public schools. It also offers very extensive testing and diagnosing of special problems in youngsters. They then work with the school in developing special programs to meet the needs of these youngsters as well as running inservice training programs for teachers.

The Hollis Historical Society financed a field trip to Sturbridge Village for the fifth graders. Mr. Lincoln Brigham coordinated the arrangements for the trip scheduled for two days in early December. The trip was a very worthwhile educational trip and we trust it is a project the Historical Society would like to continue.

Open Houses were scheduled the first week in November and we've had many positive comments on the format of the Open House. The parents were given the youngsters' schedules and followed these schedules to attend ten minute periods (explanation of years goals and objectives). We plan to follow this format next year but schedule the Open House early in October.

There is no interscholastic athletic program at the Middle School this year. Because of the budget cut we started an intramural program for boys and girls in the Middle School. It has been extremely successful and will be continued. The inter-scholastic sports program should be reinstated as it is a big help in overall school spirit and an excellent motivating force for many youngsters.

The fifth grade Civics Club was very busy again as they ran the Annual Hollis Clean-up Day with the help of Jeffrey Smith and the Hollis Woman's Club, collected canned goods and money for the Christmas food baskets, and are busy preparing the yearbook for the Elementary School. The advisors to the Civics Club are Terry Berthelette, Jane Savage and Carol Aliskevicz.

A "special" award was presented to Mrs. Beth LeRoy for successfully completing the first eight grades. She has visited every classroom from

Readiness through grade eight and has read most of the textbooks. A special award was designed and presented by Todd Leggett, a student at the Middle School.

The sixth grade classes of Carol Angle, Edward Bailey, Lorraine Cadwallader and Carl Shaw held a Mexican dinner and entertainment at the Middle School. It was a culminating activity for their unit on Mexico and proved to be very educational as well as "lots of fun."

Where would we be without the Volunteers? This is a very hard question to answer because of the number of hours spent working with students and helping in student-related activities. Thanks to the Volunteers for the following:

The Weekly Newsletter published each Friday is a volunteer project but typed by Mrs. Nancy Mulcahy.

The P.H.P. (Parents Helping People) parents group from the Middle School for running the book fair, coordinating the construction of the Middle School playground and other projects which are planned. (Ken Auer completed plans for a sidewalk from the back of the Elementary playground and through the woods beside Pound Road for Middle School students - will be done in the spring.)

Thanks to the co-ordinators of the H.A.V. Program, Mrs. Jane McAllister and Mrs. Nancy Dunbar, for all their work in organization and running of the programs. Thanks to all the chairpeople of each of the sub-areas of the H.A.V. program and to the hosts and hostesses of the informational coffees held this fall.

A very "Special Thanks" to Mr. and Mrs. Raymond Bellefeuille for the outstanding job they did in coordinating the construction of the Elementary School playground and to all of the townspeople and local businessmen who made the play area a success.

The staffs of both schools have worked very hard to provide an excellent education for your young people. With your continued support and their continuous dedication the educational future of Hollis' youngsters looks very positive for the 1975-76 school year.

HOLLIS AREA HIGH SCHOOL

The enrollment at Hollis Area High School on December 31, 1974 was 402 students. The breakdown of students by grade was as follows:

Grade 9	117
Grade 10	107
Grade 11	100
Grade 12	78

There were 114 tuition students from Brookline and 2 tuition students from Nashua.

An unusually large turnover of teachers occurred last year, but no single reason is in evidence. The industrial arts, business, physical education, art, foreign language and guidance departments remained intact, with personnel changes occurring as follows:

Mr. Merrill Flewelling (UNH) replaced Mr. Johnston, who resigned to start a music program at the new Pelham High School. Miss Donna Marashio (UNH) replaced Mrs. Hunt, who resigned from teaching and still resides in Hollis.

Mr. Robert Whitmore (Plymouth State) completed his Army duties as of July and joined the science staff (biology) to replace Mrs. Cynthia Burns, who resigned from teaching and has a secretarial position in Concord. Mrs. Sandra Morse (Indiana University and Boston University), the department chairperson, came from Andover, MA High School and replaced Mrs. Anne Marie McLaughlin, now residing in Maine and studying at the University of Maine.

Miss Dencie Bunhell (Plymouth), who formerly taught at Canaan High School, joined the mathematics department, replacing Mrs. Susan Testa, who now teaches at Fairgrounds Jr. High in Nashua. Mr. James Solka (Bridgewater State) replaced Mr. Burritt, who resigned to accept a mathematics position in Connecticut.

In the humanities department, Mr. John McLaughlin resigned to return to college and Ms. Apostolos is now full time at the Hollis Middle School. Mr. David Greenberg (Boston University) joined us with a background of political science, Mrs. Carol Amaya (Wheaton College) brings three years of experience from Manchester, MA Jr. High with a college background of literature. Mrs. Helen Melanson (Merrimack College-Dartmouth), who had taught at Nashua High School, joined the faculty and is teaching English and library science.

Mr. Korcoulis in physical education is now full time at the high school. Mr. Flewelling has an increase in high school responsibilities, but still travels to the Middle School, as does Mrs. Mary Rusch of the art department.

Hollis Area High School has continued its program of curriculum revision. Classes in literature and history have been added in the humanities department and the electives have been spread throughout the day - allowing for better distribution of students in classes. As a direct result, study halls are smaller (from 132 during E block last year to 27 this year). In addition, a renewed emphasis on the English language has strengthened our curriculum.

The science curriculum has undergone a major revision, adding a full year of biology as a science foundation for freshmen.

The foreign language department has added Greek as an elective, and is adding electives in German with a primary emphasis on conversation, rather than on a grammatical basis. Hollis is one of the few schools in the state to make this kind of change.

The physical education classes are activity-oriented, and student enthusiasm is very obvious. As many as four or five different activities are occurring in each class. The industrial arts department is experimenting with a basic freshman class, which involves a schedule change every six weeks, where students rotate from teacher to teacher. At this point we are pleased with the results.

The math department will offer new classes in practical math and Junior Review Math as well as creating more divisions for 9th and 10th grade students.

One of our biggest problems this year is the size of the freshman classes. The school year opened with 15 classes of 30 or more students, and nine of these classes were composed of 9th-graders.

We have undergone other changes which have implications for the high school. As a result of supervisory union reorganization, our Superintendent has been more able to spend time as local problems and increased aid is evident.

The Hollis Area High School athletic teams have been STATE X-Country Champions, a runner-up in the Girls' Basketball Playoffs, the 4th-seeded team in Boys' Basketball; and the best Soccer record in 7 years have been the result of determined effort and good coaching by the school staff and students.

The school is presently undergoing an evaluation for accreditation by the New England Association of Schools and Colleges. Activities include a self-evaluation by the staff, a visitation by 20 teachers, counselors and administrators in May, and a final report of commendations and recommendations. The evaluation process should provide a measure of our present efforts and point the way to improve our school.

On a personal note, I can report to the citizens of Hollis and Brookline that the attitudes of the students, the efforts and skills of the staff, are of a high quality and we should be extremely proud of our school system.

On Wednesday evening, June 12, 1974, 90 seniors graduated on the front lawn of the high school. The welcome speech by Senior Class President Kathryn Saunders initiated a ceremony totally planned and exercised by seniors and their advisors.

The salutatory address by Lena Boyer and valedictory address by Barbara Ann Vickers were well received. The graduation address was delivered by Mr. Peter Finn, former principal of the school. The awards and honors earned by the graduating class are as follows:

GRADUATION AWARDS – 1974

Valedictorian Award	Barbara Ann Vickers
Salutatarian Award	Lena Boyer
D.A.R. Award	Barbara Ann Vickers
Hollis Athletic Assoc. Awards	Anne Dyer Daniford Martin

ANNUAL AWARDS FOR EXCELLENCE

Art Award	Kevin Leo Dadoly
French Award	Susan Hill Brigham

REPORT OF SCHOOL NURSE

Over the last few years, the Hollis School Health Department has grown and with this growth there have been some changes in philosophy. Many students are seen daily at each school for consolation, comfort and care when they are sick or injured but more and more emphasis is being placed on health education to prevent, or at least minimize, serious accidents or illnesses. Students are being encouraged to reach their optimum physical, mental and emotional well-being and to stay at that level. Children who feel well can learn easier and enjoy life more fully.

The current staff of the Health Department includes Dr. Frederick Berrien, Dr. Jon Vore, Nurse Practitioners Mary Ann Kemp and Donna Annis from the Matthew Thornton Medical Center; Dr. Frank Quaratiello, dentist; Dorothy Thistle R.N., who is employed as a health aide; willing volunteers and myself. Since the addition of the position of health aide, each individual school is getting better nursing coverage but this is still inadequate. The High School usually has a nurse on duty from 8 A.M. to 10 A.M. every day, the Middle School from 10 A.M. to 3 P.M. and the Elementary School all day. Some of the services include the previously mentioned First Aids, screenings for vision and hearing defects and communicable diseases, follow-up of children with special medical needs, coordination of community resources and referrals to appropriate agencies, assistance with physical examinations of all potential interscholastic athletes as well as with the mandatory physicals at grades 7 and 11 and prior to entrance into grade 1, regular meetings with other members of the Pupil Personnel Team to help meet individual needs of students, consultation services for teachers and health education both formally and informally.

Almost every first aid contact offers an opportunity for informal health teaching but I also feel very fortunate that I have had more opportunities this year to be in the classrooms, assisting students in better understanding their bodies and keeping them healthier. These programs have dealt with subjects such as Dental Health, Communicable Disease, Nutrition, Alcohol and Drug Abuse, Cancer Detection and Prevention, Growth and Development, Cleanliness and Grooming, Skin Care and First Aid.

Good health is precious. It is not a luxury. As students learn about themselves, and gain respect for their bodies, they will, hopefully, establish health habits that will enable them to achieve a maximum feeling of well-being and promote better health for everyone.

Inez D. Morrison, R.N.
School Nurse
